**Reason:** Used car lot not allowed in that zone.

2. A. David Babbitt asked if the applicant had plans to update the building, to which V. Patel responded in the affirmative. A. David Babbitt confirmed that the plan would be to have 8 spots for the sale of the cars.
3. K. Cunha stated asked where cars belonging to the apartment tenants are parked, to which V. Patel answered that most of the people who live in the apartments do not have a car, and there is parking for the three apartments in front of the market. V. Patel also stated that the store has five parking spots and one handicap parking spot in front of the store.

4. Frank Jakes of North Smithfield, RI, stated that he owns abutting property and that there is no easement on his property allowing the store to park cars on his property, despite the fact that they have been doing so for years. He stated that an upcoming solar project will take complete use of the land that the store has been using to park cars and the store will no longer be able to park cars there. He stated for about fifteen years, the store has been parking cars on his property, and has been on notice that at some point that access would be blocked.
  5. **Kevin Beno moved and Kirby Cunha seconded the motion to close the public hearing for application 15-10. The motion carried unanimously.**
  6. K. Beno stated that the parking seems tight, and there is an access problem around the buildings. K. Cunha agreed, stating that when Frank Jakes blocks off his property, there will be only one access.

**Reason:** ZEO states that the applicants are 4 sq. ft. over the 25% allowable expansion.

2. **Kevin Beno moved and John O'Connell seconded the motion to accept application 15-11. The motion carried unanimously.**

- B. Variance 15-12: Danielle Lefebvre, Applicant and Owner of Record. For property at 112 Gawron Rd. Map 122/Block 31/Lot 20-A/Zone R-40. Requesting an appeal of a ZEO decision that applicant has a 42 ft. road frontage deficiency.

Reason: Pre-existing/zoning permits do not expire.

1. Danielle Lefebvre, 112 Gawron Rd., explained that she is unclear how to proceed with her current situation, and asked if zoning permits ever expire.
2. Alvan Hill began explaining the applicant's situation, and was interrupted by Kevin O'Brien, on behalf of the applicant. K. O'Brien stated that a garage was converted to an apartment on the property and eventually received former ZEO John Mahon's approval via a zoning permit. The Department of Health denied septic approval, which has now been remedied and received approval at a cost of about \$30,000. K. O'Brien stated that now A. Hill has told the applicant that she cannot get a building permit.
3. A. Hill explained that the former ZEO overlooked an issue and should not have signed off on the project. He further stated that his recommendation is that the Board accept a variance application and waive the fee, if the fee is the issue, to which the applicant stated that the fee was the problem.
4. **Kevin Beno moved and A. David Babbitt seconded the motion to accept application 15-12 and waive the application fee. The motion carried unanimously.**
