Ms. Chapin stated that she has been a resident of the immediate area since 1968 and does not want to change the traffic pattern.

Mr. Walsh inquired if there were accident statistics to support a change. He further stated that speeding is a town-wide problem and that this change would set a precedent.

Mr. Groh reiterated that he is doing research and gathering information.

Mr. Hess approves of the suggestion and feels it would increase the safety of the 350 students who commute to Marianapolis.

Ms. Chapin raised the issue of causing traffic to be redirected by the Post Office, which is already hazardous.

Mr. Monahan stated that he has not seen any problems with Chase Road Extension, but also noted that there are problems with traffic around the Post Office. He is against this suggestion.

Mrs. Beaupre expressed her concerns for safety, especially for children in the neighborhood.

Mr. Wagner expressed his concern with speeding and illegal exhaust systems. He suggested erecting barricades as a trial for a set period of time.

Mrs. Monahan noted that many roads have speeders. She feels there are more important issues to consider.
